Mridul Jain

Machine Learner and Full Stack developer

I am a passionate and hard working individual currently pursuing Information Technology at VIT, Vellore Campus. I have a firm grasp on Data Structures and Algorithms and the fundamentals of Computer Science. I am always excited for solving complex real world problems using technology and its applications and love engaging in discussions about the prospects of the tech can lead us.

EDUCATION

Vellore Institute of Technology
Vellore Campus

09/2021 - Present   *Current GPA : 9.16*

Courses
- Relevant Coursework :
  Artificial Intelligence, Data
  Structures and Algorithms,
  Foundation of Data
  Science

High School
Father Agnel School - Noida

10/2018 - 10/2021   *Class XII: 94.2% | class X : 10.0 CGPA*

SKILLS

HTML5 / CSS / JAVASCRIPT   PYTHON   C / C++

JAVA   FLASK   FLUTTER   NoSQL

Tensorflow   Pytorch   Django   Node.js

NLP

PERSONAL PROJECTS

Eyez Detecto (03/2022 - 04/2022)
- Deployed an eye blinking detector using the "Haarcascade Library" in the inter - college hackathon conducted by Devpost!
- Project under the Github Repository!!

Chess Engine and Chess AI algorithm
- A new learning experience of heavy logic implementation using the "Greedy Algorithm" at every move of the computer.

COMPETITIVE PROGRAMMING

Codechef @ codechef.com (09/2022 - Present)
2 (1440) rated at codechef after 6 contests*

CERTIFICATES

Kaggle certificate for Machine Learning level - 1

IBM : Machine Learning (via cognitive.ai test)

LANGUAGES

English
Full Professional Proficiency

Hindi
Full Professional Proficiency

INTERESTS

Singing   Playing Basketball | Lawn Tennis

Reading Novels   Playing Chess
